

Isaac Adebisi Toluwani

Software Engineer

✉ feluopi@gmail.com ☎ +2349066579652 📍 Oyo, Nigeria 🌐 Isaac Adebisi 🔄 isaac

👤 PROFILE

Recent B.Sc Software Engineering graduate with a strong foundation in front-end development, ReactJS, and database management. Completed coursework and projects in algorithms, data structures, artificial intelligence, web design, and database management. Eager to leverage innovative abilities to solve real-world problems and deliver impactful technology solutions in a dynamic software engineering environment.

📁 EXPERIENCE

Pisciner 42 Berlin

08/2025 – 09/2025 | Berlin, Germany

42 Berlin has been one of the most unique learning experiences I've had it entails the following;

- The peer-to-peer model pushed me to think differently, ask better questions, and to grow through collaboration.
- There are no teachers, just a community of motivated pisciners helping each other solve real problems.
- It taught me that true learning doesn't come from instructions alone but also from curiosity, and shared understanding

Engineering Intern

02/2024 – 06/2024 | Lagos, Nigeria

IHS Towers - Analyst, IT NOC ✉

- Supported IT services operations by assisting with data collection, quality assurance, and maintaining detailed documentation for client projects.
- Contributed to data analysis efforts, using Microsoft Excel to process and derive insights from client datasets, gaining practical technical experience.
- Provided technical support for internal teams and client systems, troubleshooting minor issues, and ensuring smooth workflows.
- Assisted in preparing reports and project documentation for clients, improving communication and organizational skills in a consulting environment.
- Actively monitored the satellite network and escalated critical findings to the appropriate stakeholders for resolution.

Frontend Engineer (Intern)

01/2021 – 03/2021 | Ibadan, Nigeria

Alusoft Technologies ✉

- Front-End Development: Proficient in HTML5, CSS3, Bootstrap, and JavaScript for creating clean, responsive interfaces.
- UI/UX Awareness
- Back-End Exposure: Hands-on experience with Node.js for basic server-side development.
- Version Control: Familiar with Git/GitHub for collaboration and code management.

🎓 EDUCATION

B .Sc Software Engineering

01/2022 – 07/2025 | Ogun, Nigeria

Babcock University ✉

Course Work: Algorithms and Data Structures, Artificial Intelligence, Web Design and Development, Database Design and Management, Java, Unix, SQL.

VOLUNTEERING

CMS, HMS | Alpha Leadership & Career Masterclass

02/2025 – 07/2025 | Nigeria

- Contributed to the **front-end development** of CMS and HMS projects using **React.js**, focusing on building responsive, user-friendly interfaces.
- Collaborated closely with team members to translate requirements into functional features and ensure seamless integration with backend systems.
- Followed best practices in **version control (Git & GitHub)** and participated in code reviews to maintain quality and consistency.
- Worked within cross-functional teams to support the timely delivery of project milestones while gaining hands-on experience in agile development processes.

CERTIFICATES

Certificate of Completion

- Aws Data center tour 1 : uncovering cloud computing
- Full Stack web development
- Project Management
- Head of Department for Sabbath School

Database and Cloud computing courses completed:

- Installing and configuring windows 10
- Fundamental of Software Security
- Oracle Database 12c fundamentals
- Oracle Database 12c Admin workshop
- Android Application management
- Oracle SE8 OCA & OCP

SKILLS

ReactJs, Typescript, Vue, HTML5, CSS, Bootstrap5, Javascript, C, C++, Java, MySQL, Git, GitHub, data visualization
